Dr. Sheila Garland Sharon Wilson Lori Callahan

Rowe called the meeting to order at 8:30 a.m. on Thursday, January 15, 2015. A quorum to conduct disciplinary matters was present.

OFFICE OF THE SECRETARY OF STATE

The Board welcomed Tim Fleming, Deputy Secretary of State; Lorri Smith, Chief Operating Officer; Lisa Durden, Professional Licensing Boards Division Director; Chuck Harper, Legislative Director; and Stephanie Aponte, Call Center Manager.

Fleming thanked the Board for the opportunity to attend the meeting and provided a brief overview of the current operational status of the Professional Licensing Boards Division ("PLB"). Fleming stated that applications were being entered into the system by the Intake Department within two business days of receipt and that Board staff were processing applications within three business days. He explained that correspondence was scanned and made available to Board staff on the same day that it was received. Fleming provided information regarding the renewal process for registered nurses and noted that seventy-nine percent of registered nurses had completed the renewal process. He noted the detailed efforts that had been made by the PLB to ensure that licensees were aware of the renewal deadline and citizenship documentation requirements.

Fleming discussed the PLB Call Center operations. He explained that call center statistics had improved in recent months and credited the new call center manager for the improvement. Fleming explained that the call center currently has twenty-four (24) agents answering calls for the thirty-nine boards supported by the PLB and that three (3) additional agents are currently in training. He provided information regarding the new call center software that had been deployed and explained that the agency planned to continue adding new features and functions made available by the new software. He noted that the agency had seen consistent improvement in the abandonment rate and wait times for callers and explained that Secretary Kemp understood that the call center was the front line for the agency and believed it was very important to provide excellent customer service through that department.

Fleming addressed some of the unresolved information technology projects. He explained that IT staff were working to address the functionality of the automatic email responses for applicants, renewals and complaints. He noted that automatic responses were currently being generated for applicants for licensure and licensure renewal.

Fleming discussed the budget proposed by the Governor's Office and noted that the Governor's Office would make the information available on Friday, January 16, 2015. He explained that the Secretary of State's Office had been working with the Governor's Office of Planning and Budget ("OPB") since spring 2014 to obtain additional resources for the PLB. He was optimistic that OPB understood the situation and that PLB would receive additional funding. He explained that the Secretary of State would be enlisting the help of the boards to ensure that additional funding was secured for the agency.

Fleming discussed the Board's interest in the Optimal Regulatory Board Software ("ORBS") developed by the National Council of State Boards of Nursing ("NCSBN"). He understood that the Board has requested to transition to the new licensing software as soon as it is made available from NCSBN. Fleming explained that additional SOS IT resources were now available to assist the Board in this endeavor and that SOS wants to review what will be necessary for IT to work with GBON to make the transition a reality.

Fleming explained that SOS was making consistent improvements to PLB. He noted that it was important to continue constructive dialogue with the Board and that he looked forward to working with the Board to continue to improve operations.

Fleming introduced Stephanie Aponte, Call Center Manager and provided a brief overview of her twenty-five year customer service history. Aponte explained to the Board that SOS had made additional resources available to the call center and that additional staff had been added with all staff members receiving additional training. She explained that, as of January 14, 2015, the call center abandonment rate was at eight percent which represented a thirty-seven percent improvement from January 2014. Aponte explained that she monitors PLB calls to ensure that agents are providing "Wow" customer service to callers. She noted that she hoped to add additional staff in the next few months to bring the total number of PLB call center agents to thirty.

Barnett thanked Aponte for the information and noted that the number one complaint that she receives as a board member is about the PLB call center. She questioned whether or not it was possible for agents to be knowledgeable about all the professions supported by the PLB and inquired as to whether or not agents were able to adequately answer calls for GBON. Aponte stated that resources were available to ensure that all calls were answered by agents.

Rowe questioned how many calls were forwarded to the Board office for resolution. Aponte explained that the information was not currently available. Fleming stated the information could be obtained and that Aponte would work with SOS IT to generate the report. Rowe expressed concern regarding the number of calls that were forwarded to the Board staff. Barnett questioned how long it took for Board staff members to respond to calls. Cleghorn explained that calls were typically addressed within twenty-four (24) hours.

Barton thanked Aponte for attending the meeting and noted it appeared that there had been significant improvements in the PLB call center. Baker questioned how scope of practice calls were handled by call center agents and sought information on what boundaries were given to call center agents regarding the information that they provided. Aponte explained that agents use their resources to obtain the information and, if unavailable, contact the executive director for additional information. Barton noted that there was continued confusion because callers believed that the PLB call center was staffed by agents answering calls solely for GBON. Aponte explained that she was focusing on weekly, daily and hourly goals and that she wanted agents to provide quality service to constituents. She explained that calls can be recorded for quality control purposes.

Shilling requested information regarding the turnover rate for call center agents. Fleming explained that OPB had also requested information regarding the turnover rate for all SOS employees. He explained that call center agent turnover had been high and that SOS did a study and documented that SOS call center agents were the lowest paid call center staff in Georgia state government. SOS discussed this with OPB and is inquiring about raising call center salaries and providing incentives to agents.

Rowe thanked Aponte for her efforts to improve the service at the PLB call center. She noted that the call center has been a major problem for nursing licensees. She requested that Aponte provide information to the Board regarding the number of calls forwarded to Board staff and requested that the calls be tracked to determine if additional education to agents would prevent calls from being escalated.

Barton noted that she was very excited about the Board's participation in ORBS and explained that Board staff have been working for some time on the implementation of the project. She expressed her appreciation that SOS recognizes the importance of the project and was ready to begin implementation.

Barton provided information to SOS representatives about the Board's investigative committees. She explained that the two committees and the Board were reviewing over one hundred (100) cases each month. She expressed concern about the workload being forwarded to the Attorney General's Office and inquired as to when additional resources would be made available to the Board in the Legal Services Department at PLB. Fleming explained that an additional attorney had been hired and that, in the future, there was the possibility of the Legal Services Department working cases for GBON. Shilling noted that the Board was very conscious of the time required by the attorneys to draft cases and how the timeline impacted licensees.

Mann inquired about the use of Mercer University Law students as interns to assist the PLB Legal Services Department. Fleming stated that SOS Counsel had discussed that possibility in late 2014 and noted that Mercer University could be an excellent resource for PLB. Mann discussed the need for call center agents dedicated to GBON.

Mann discussed concerns regarding the PLB Intake Department. Fleming responded that the Intake Department was in the best condition of its existence and noted good staff and updated processes as well as IT initiatives had made significant improvements.

Baker addressed concerns regarding PLB Legal Services Department. She noted process issues and discussed concerns from the Attorney General's Office regarding a lack of confidence in that department's functions. She provided information regarding problems with hearings because of proof of service issues as well as concerns over a lack of record keeping in some areas. She requested that the department maintain a detailed record of proof of service via certified mail. Durden stated that she would work with SOS Counsel to address the issues.

Lockwood inquired about how public disciplinary actions were displayed on the Board's website. She requested that the site be modified to include alerts for public actions against licensees. Durden explained that the Board's request had been submitted to the software vendor for consideration.

Fleming explained that he would be willing to attend any future board meeting to continue the open dialogue. Multiple board members expressed their thanks for SOS representatives' attendance at the meeting. Rowe noted that SOS and the Board desire the same outcome and expressed her appreciation for their assistance. She reiterated the need for IT initiatives (automatic email responses, transcript importer, exam score importer) to be corrected quickly to ensure that staff can do the best job possible.

Rowe discussed the nursing education consultant position. Fleming stated that information regarding the vacant position has been provided to OPB. Rowe questioned whether or not it was possible to develop a work plan for the position that allowed for telework. Fleming responded that SOS was very supportive of a change to the position to make it more attractive to qualified candidates. Rowe noted the need for a full time staff member to oversee the seventy-six (76) nursing education programs.

Rowe discussed the workforce data survey. She provided information regarding the request for data from the Georgia Nursing Leadership Coalition ("GNLC"). GNLC has requested that the Board assist them in conducting a survey of licensees by email. Rowe questioned whether or not it was possible for GBON to distribute the survey by email to licensees. Fleming responded that he had preliminary discussions with SOS IT about that possibility. Rowe stated that she was interested in whether or not SOS would be open to distributing the surveys via email on behalf of the Board. Fleming agreed to explore the issue further with SOS IT staff.

PERSONAL APPEARANCES

(RNI=Registered Nurse Investigative Case Number)

RN069322 – The Board entertained a personal appearance with DG.

EXECUTIVE SESSION

Lockwood moved, Barton seconded and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. §§ 43-1-2(k); 43-1-19(h), 43-26-5(c) and 43-26-11, to deliberate on applications and enforcement matters and to receive information on applications, investigative reports and pending cases. The motion passed unanimously.

At the conclusion of the Executive Session on Thursday, January 15, 2015 Rowe declared the meeting to be "open" pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq. No votes were taken during executive session.

Shilling moved to allow licensee to provide documentation of compliance with criminal probation. If compliant, reinstate with a public consent agreement tracking criminal probation and requiring compliance with criminal probation. Lockwood seconded the motion and it carried with Fletcher, Phipps, Hooper and Barnett opposing.

RNI150424 –The Board entertained a personal appearance with RD.

EXECUTIVE SESSION

Barton moved, Fletcher seconded and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. §§ 43-1-2(k); 43-1-19(h), 43-26-5(c) and 43-26-11, to deliberate on applications and enforcement matters and to receive information on applications, investigative reports and pending cases. The motion passed unanimously.

At the conclusion of the Executive Session on Thursday, January 15, 2015 Rowe declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq. No votes were taken during executive session.

Burdeaux moved to refer to the Attorney General’s office for a public consent agreement to include five (5) years probation, three (3) years narcotics restriction, substance abuse stipulations and quarterly reports (personal, employer, aftercare, psychotherapy). May petition for lifting of narcotics restriction after six (6) months of employment. Monthly random drug testing for one year and quarterly for duration of order. May continue working in current position for current employer. Phipps seconded the motion and it carried unanimously.

JAMIE LEE – SCOPE OF PRACTICE DISCUSSION

Jamie Lee appeared before the Board to discuss concerns regarding the scope of practice for clinical nurse specialists-psychiatric/mental health. The Board requested that she provide information regarding the position statement from the National Association of Clinical Nurse Specialists. The Board will review the information and certification issues.

TIFT REGIONAL HOSPITAL – ADMINISTRATION OF NEUROMUSCULAR BLOCKING AGENTS

Carol Smith and Dr. William Guest appeared before the Board to request the Board to reconsider its position on the administration of propofol. Guest explained that he understood the Board’s position but noted that he was requesting that the Board make provision for nurses administering neuromuscular blocking agents and anesthetics in emergent situations when the physician was present at the bedside directing the patient’s care. Barton questioned whether or not it was the intent to only use propofol for sedation purposes. Guest responded that the facility planned to administer any drug commonly used in rapid sequence intubation. Smith clarified that the facility was not seeking permission for every nurse to administer the drug—only those nurses with the required training and competencies necessary to administer the medication. Barton referenced the Food and Drug Administration package insert for propofol. Guest stated that he believed it was a patient care issue and that the Board would make the right decision to ensure that patients received the best care. Guest clarified that the facility was only describing situations where the physician was physically present at the bedside and was responsible for managing the patient’s airway while the nurse was administering the drug.

Rowe thanked Smith and Guest for the information and explained that the Board would review the information, make a decision and the decision would be communicated in writing to the facility.

EDUCATION REPORT

Chamberlain College of Nursing

The Board received notification that Beth Marquez was named President, Chamberlain College – Atlanta. Ms. Marquez previously served as Dean of Academic Affairs. Based on Compliance with Board Rule 410-3-.05 it was recommended that the Board approve the change.

Moultrie Technical College

Moultrie Technical College and Southwest Georgia Technical College will be merging effective July 1, 2015. A substantive change request was submitted to alter the curriculum so that the length of the program is one year. This information was submitted to Dr. Rayburn for review and it was recommended that the Board approve the change.

Athens Technical College

Board approval for Athens Technical College expired December 31, 2014. The program recently had an accreditation site visit from ACEN and accreditation was extended through 2022. For 2010-2013, the program’s four year NCLEX average was 96.31%. For 2014, the program has an NCLEX pass rate of 91.67%. It was recommended that the Board extend the program’s approval through December 31, 2022.

Burdeaux moved to approve the recommendations. Barnett seconded the motion and it carried unanimously.

STRATEGIC PLAN REVIEW

The Board reviewed Objective Two from the 2014-2016 Strategic Plan regarding the integration of the Georgia Board of Nursing and the Georgia Board of Examiners of Licensed Practical Nurses. The Board requested that legislation be introduced to give the Board the authority to enforce orders and investigations initiated by the former Georgia Board of Examiners of Licensed Practical Nurses. The Board also determined that it would no longer use the fine grid established by the former Georgia Board of Examiners of Licensed Practical Nurses. All fines will be based on the fine structure used by the Georgia Board of Nursing.

The Board reviewed Objective Three from the 2014-2016 Strategic Plan regarding the appointment of members to the APRN and Nursing Education Committees. The Board will review the applications and make appointments on Friday, January 16, 2015.

The Board reviewed Objective Four from the 2014-2016 Strategic Plan regarding the review and revision of the Board's disciplinary processes. The Board discussed the development of a position statement for use of opioid agonist/antagonist therapy by licensees. Mann and Barton expressed grave concern about licensees practicing while on Suboxone. Baker discussed potential issues with the legal defensibility of a Board position statement on the issue. Baker stated that the Board would have to engage an expert witness that was willing and available to testify in a hearing that a licensee was unsafe to practice while using Suboxone. Baker suggested that the Board consider limiting rather than prohibiting the practice of licensees using Suboxone. Mann suggested that the Board continue to review the cases on an individual basis while requiring monitoring and narcotic restrictions any time a licensee was being treated with Suboxone. Mann, Lockwood and Barton will propose guidelines for the Board to utilize when reviewing licensees undergoing Suboxone therapy.

POSITION STATEMENT: FAMILY NURSE PRACTITIONERS IN ACUTE CARE SETTINGS

Barton discussed issues with board certified family nurse practitioners practicing in acute care settings. Barton proposed the following language:

The Georgia Board of Nursing ("Board") supports the changes to the Family Nurse Practitioner ("FNP") credentialing process related to those FNPs working in the acute care environment. The following is guidance from the Board to current FNPs working in acute care:

- 1) The Board supports FNPs currently practicing in acute care settings allowing the FNP to remain employed in those settings after January 1, 2015 with the following stipulations:
 - a. FNP must demonstrate competence in their practice setting in acute care to continue working in acute care according to the facility assessment of practice.
 - b. FNP not certified in Acute Care should maintain current FNP certification and current RN and APRN licenses.
 - c. FNP not certified in acute care should obtain part of the required CEUs in care of patients in the acute care setting each RN and certification renewal period. FNP should seek guidance from the certifying body as to how many hours would be needed to meet requirement.
 - d. If certification or licensure lapses, FNP would have to become certified in Acute Care before returning to work in an acute care setting. It is most important to maintain certification and RN licensure.

- e. The Board supports current FNP's working in acute care settings having the option to change positions or facilities in the acute care setting if qualified for the practice setting.
- 2) The Board supports the change in certification requirements for new FNP's and current FNP's not working in acute care as of January 1, 2015. They will complete the Acute Care NP certification, according to changes of the certifying body, in order to be eligible to work in the acute care location.
- 3) The Board highly recommends FNP's currently working in acute care organizations to begin the process of completing requirements to allow for meeting the full certification requirements as Acute Care NP in the future.

Barton moved that the Board adopt the proposed language as a position statement. Burdeaux seconded the motion and it carried unanimously.

CORRESPONDENCE

The Board reviewed correspondence from the Georgia Dental Association regarding the issuance of volunteer licenses to nurses. In accordance with O.C.G.A. §43-1-28, the Board directed Cleghorn to make provisions for issuing volunteer licenses where applicable. The application requirements will be the same as the current requirements for licensure by endorsement. Upon approval, the Board may waive the application fee for a volunteer license.

EXECUTIVE SESSION

Barton moved, Lockwood seconded and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. §§ 43-1-2(k); 43-1-19(h), 43-26-5(c) and 43-26-11, to deliberate on applications and enforcement matters and to receive information on applications, investigative reports and pending cases. The motion passed unanimously.

At the conclusion of the Executive Session on Thursday, January 15, 2015 Rowe declared the meeting to be "open" pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq. No votes were taken during executive session.

STAFF PRESENT

Jim Cleghorn, Executive Director
Amelia Baker, JD, Assistant Attorney General

Rowe called the meeting to order at 8:30 am on Friday, January 16, 2015

POSITION STATEMENT: ADMINISTRATION OF NEUROMUSCULAR BLOCKING AGENTS AND ANESTHETICS

In an emergent hospital setting, a registered nurse with appropriate competencies which include ACLS certification and conscious sedation monitoring may administer intravenous bolus neuromuscular blocking agents and anesthetics as prescribed by a physician credentialed in airway management/intubation who is physically present at the bedside.

Mann moved to adopt the position statement. Barton seconded the motion and it carried unanimously.

EXECUTIVE SESSION

Hooper moved, Shilling seconded and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. §§ 43-1-2(k); 43-1-19(h), 43-26-5(c) and 43-26-11, to deliberate on applications and enforcement matters and to receive information on applications, investigative reports and pending cases. The motion passed unanimously.

At the conclusion of the Executive Session on Thursday, January 15, 2015 Rowe declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq. No votes were taken during executive session.

Phipps moved to accept the January 8, 2015 Investigative Committee A meeting minutes as presented. Barton seconded the motion and it carried unanimously.

MENTAL PHYSICAL EXAMINATION EVALUATORS

The Board discussed continuing issues with the quality of mental physical examinations being presented by licensees. Board members expressed concern that some examinations were being performed by individuals not qualified to issue an opinion regarding the subject's substance use issues or ability to practice as a nurse with reasonable skill and safety. It was the consensus of the Board that, going forward, all mental physical examinations must be performed by a physician board certified in addictionology.
